## OBJECTIVE

Aspiring MERN Full-Stack Developer passionate about creating dynamic web applications and scalable solutions. Skilled in designing, developing, and deploying full stack projects to enhance user experiences and solve real-world problems.

## SKILLS

HTML5, CSS3, Javascript, Bootstrap, Node.js, Express.js, MongoDB, React.js

## INTERNSHIP

### MERN Full-Stack Development

Bluecode Solution, Coimbatore | 2024 June - Present

Developed responsive applications with HTML, CSS, Javascript, Node.js, Express.js, React.js and MongoDB.

## PROJECTS

### To-Do List App - 2024

[View Output](#)

Developed a responsive task manager platform as a to-do list application using HTML, CSS, and JavaScript with Local Storage integration, enabling users to create, and delete tasks.

Focused on seamless UX/UI design and efficient state management to enhance usability.

### Weather App - 2024

[View Output](#)

Built a dynamic weather application using HTML, CSS, and JavaScript, leveraging the Fetch API to retrieve real-time weather data.

Designed an intuitive interface to display location-based forecasts, enhancing user engagement with responsive and interactive features.

### Quiz App - 2024

[View Output](#)

Created an interactive quiz application using HTML, CSS, and JavaScript, featuring a timer function to enhance engagement and challenge users.

Designed a responsive interface with question rendering and real-time score tracking for an immersive user experience.

## EDUCATION

Bharathiar University

LRG government arts college for women, Tirupur

2021 - 2024

CGPA - 82 %
